

# Aryaman Bhattacharjee

AI Developer · Python Developer · Generative AI Enthusiast

bhattacharjeearyaman2@gmail.com | linkedin.com/in/aryaman-bhattacharjee-b618822ba | github.com/AryaTheMan

## ABOUT

Computer Science student passionate about Artificial Intelligence, Machine Learning, Software Engineering and Product Development. Experienced in building AI-powered applications using Python, Streamlit, Generative AI APIs and modern development tools. Interested in creating practical solutions in EdTech, FinTech and intelligent automation.

## EXPERIENCE

### AI Tools Workshop — be10x

2025

Hands-on workshop covering NotebookLM, Claude, Julius AI, Wispr Flow, ChatGPT and Custom GPTs — practical AI tools for productivity, research, automation and development.

### Machine Learning Workshop — MIND MEETS MACHINE — PRODINNO Club, VIT Chennai

2025

Machine learning fundamentals, data analytics, Python for ML, AI applications and intelligent systems.

### Delegate — Ethiopia · United Nations General Assembly — VIT Chennai Intra MUN 2026

2026

Represented Ethiopia on the agenda of the Suez Crisis (1956), developing public speaking, negotiation, diplomacy, research and critical-thinking skills.

## SELECTED PROJECTS

**AI Multi-Document Valuation Assistant (2025) — AI-powered answer-sheet evaluation assistant — processes syllabi, question papers, guidelines and answer scripts with Google Gemini to generate marks, feedback and insights via an interactive dashboard.**

**Personal Finance Intelligence Platform (2025) — Financial management system with expense tracking, budget analysis, portfolio analytics and market insights — powered by Python, Streamlit and yFinance.**

**AI Developer Portfolio (2026) — This portfolio website — a responsive single-page site with an interactive terminal, particle background, custom cursor and dark mode, built with React, Vite, Tailwind CSS and Framer Motion.**

## SKILLS

### Programming

Python, C, C++

### AI & Data

Generative AI, Machine Learning, Prompt Engineering, Data Analysis

### Frameworks, Tools & Domains

Streamlit, Google GenAI SDK, Git, GitHub, VS Code, NotebookLM, Claude, Julius AI

## EDUCATION

### B.Tech, Computer Science

VIT Chennai
